

COLLAPSIBLE CRATES

In partnership with Rehrig Pacific, DIDAK INJECTION has now brought out a new range of collapsible crates onto the market, for the transport of fresh goods over longer distances.

These patented crates are available in a 60 x 40 version with 4 different heights and a 40 x 30 version with a height of 18 cm.

This new generation is so sophisticated in its design that in terms of value for money it delivers the best results.

The crates are very quick to fold away, and thanks to their robust design they are easily capable of supporting the kinds of loads normally used with transport cases.

In addition, they may be stacked with all major standard types currently on the market.

The different types

Type	Weight kg Ext.	Length cm	Ext. Width cm	Ext. Height cm	Int. Length cm	Int. Width cm	Int. Height cm
1	1.66	60.00	40.00	13.3	57.6	37.6	11.1
2	2.16	60.00	40.00	21.6	57.6	37.6	19.4
3	2.55	60.00	40.00	28.6	57.6	37.6	26.4
4	2.73	60.00	40.00	34.0	57.6	37.6	31.8

40x30
